

February 14 - CAS Meeting  
Professional Ethics w/ George Hartmann

## Valentine's Day Ethics Training

What says "Valentine's Day" more than Professional Ethics? NOTHING, that's what...unless you're not very ethical - but then you probably don't care about any of this if you are one of those people. Don't be one of those people. Come pump up your Professional Ethics with us.

We'll be meeting at 11:30 in Room 325 of One Texas Center (505 Barton Springs Rd.; Austin, TX 78704). We'll be brown bagging it for this one, so feel free to bring all the candy hearts you like. First we'll cover a few CAS and TexITE items and then George P. Hartmann, P.E. will fulfill your prescribed annual hour of PE training to keep your P.E. fit and fantastic.

George is a Licensing Project Manager at the Texas Board of Professional Engineers in Austin, where he has been for ten years. George previously worked with the Texas Commission on Environmental Quality, and its predecessor agencies. He has also worked with Huntsman Corporation and two environmental engineering consulting firms. George is a 1981 graduate of Manhattan College with a Bachelor's degree in chemical engineering.

## It all Ads up

The Capital Area Section sponsors provide for the CAS annual Scholarship program and also help defer some of the fees for meetings and other activities. The current 2014 CAS sponsors are presented here with links. Please give any of our officers a call if you'd like to find out more about advertising with the CAS.
